June 9, 2016

To My Patients,

August 1st will be a bittersweet day in my life. After 39 years in practice here on the North Shore, I will be retiring from the practice of medicine. I am both humbled and honored by the trust you have placed in me through the years.

It is important to me that all will continue to receive quality medical care. Three new physicians will be joining our practice over the next few months; please view our website (www.essexcountyobgyn.com) for more information. If you choose a provider within our practice, all you need do is call when you wish to make an appointment. Our staff is available to assist you in choosing a physician.

Your medical records remain on file at Essex County OB/GYN and are confidential. They can be transferred to another practice only with your permission. You will need to sign a release letter if you choose to see a physician in a different practice. Our staff will take care of the transfer.

I have valued my relationship with you, my patients, more than I can express in words. Thank you for all the years of loyalty and friendship. I will take the memories of all that I have experienced with me into my retirement.

I wish you health and happiness.

John Keenan, MD
